

June 2017

## Underground utility damage prevention is everyone's responsibility.

[www.digsafecanada.ca](http://www.digsafecanada.ca)

As a landowner, homeowner, or contractor, you can save time and money while keeping yourself and your community safe by calling or clicking before you dig. Visit AlbertaOne-Call.com, call 1-800-242-3447, or download the mobile app from your smartphone.

**Requesting locates is free. Hitting a gas line is not.**

### Dig with C.A.R.E

**Call** or Click before you dig

**Allow** required time for marking  
2 – 3 business days

**Respect** the marks  
Lines are marked by flags, paint or other markers

**Excavate** carefully  
Hand dig to determine the exact location of underground utilities

### What to do if you strike a gas line?

**Stop** all work, shut off machinery, leave the area on foot.

**Don't** attempt to repair the line.

**Call** Crossroads Gas 1-800-661-4861 or 911 if there is a fire or injuries.

**Don't** continue your project until authorized by a Crossroads Gas representative.

### Suspect a leak? Call Crossroads Gas to report it.

It is important to recognize the signs of a gas line leak:

**Smell** - Rotten eggs

**See** - Dead or dying vegetation

**Hear** - Hissing, roaring, or bubbling
